The entire concept of the wooden villas, with the lush landscaping, topped of by one of the most spectacular beaches in the Bahamas, are the architectural talents of the late Sammy T. Sammy traveled around the Bahamas for a year, collecting art pieces to decorate each villa completely different. These Bahamian art pieces also adorn the restaurant. The gift shop, features all Bahamian made items. The private beach nestled within a cove. The lush landscaping, using mainly the natural vegetation, with the addition of popular Bahamian flowers.
